

Marina West Shopping Center (Parcels 95/LLS) located at 404-480 Washington Boulevard is currently used for commercial and restaurant purposes. The proposed improvements will include an exterior renovation to the existing Islands Restaurants building. The proposed plans call for the demolition of the existing office buildings and their replacement with single-story retail space of approximately 17, 500 square feet. A parkette at the corner of Washington and Via Marina will also be included in the renovations.
